

# Henoch Argaw Foundation (HAF) delivered various medical supplies to the Ministry of Health (MOH)

Henoch Argaw Foundation, which is based in the United States of America has donated with its partners support, various medical supplies to the Ministry of Health (MOH) on July 7, 2022 at Ethiopian Pharmaceuticals Supply Agency – EPSA facility.

It has been stated that the items that have been found in support are different medicines, medical equipment and supplies have a total value of approximately 10 million birr (\$180,000 USD).

The medical supplies are distributed to hospitals of Afar Dupti Hospital, Gondar University Hospital, Woldiya Hospital and Bahir Dar Level 3 Hospital in the northern part of our country that were damaged by the war.

The Minister of Health Vice Minister, Dr. Dereje Duguma, who was present, said that the hospitals have suffered a lot of damage from the war, so they have not taken much advantage of the hospitals to rebuild and provide basic services. He thanked the Henoch Argaw Foundation for the support.

The Vice Minister has pointed out that the collaboration of Ethiopians and other partners is necessary to strengthen the health sector and to overcome the challenges on the supply chain.

According to Mr. Tariku Belachew, the Deputy Director of the Drug and Medical Equipment Purchasing Administration, in his opening speech, the organization has not only given humanitarian aid to the displaced people from their homes, but also thanked the Foundation for the role it is still providing.

Henoch Argaw Foundation founder, Dr. Neway Argaw, Vice Minister of Health, the beneficiary hospital representatives, senior managers and directors from MOH and EPSA and others were present.
